By recycling your unused items you are helping make the world a better place to live.

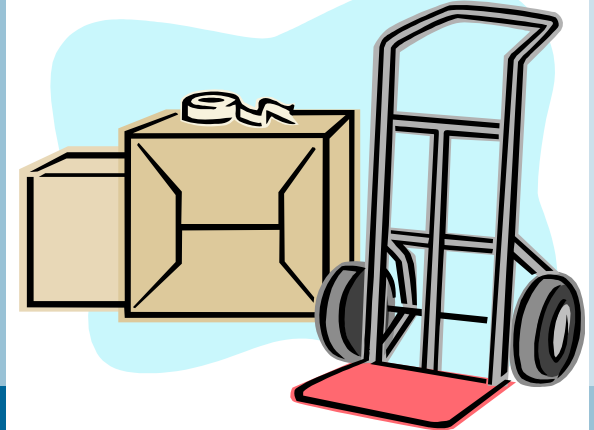

- Recycling helps to limit the amount of glass, paper and plastic that must be produced. This will end with less garbage in landfills because it's being reused.
- By recycling your unused items you are helping to create jobs for everyone.
- Recycling helps in making sure that you are educated about the environment and what is going on, and how you can help!
- Thank you for going green and recycling!!
